Strength of St. Xavier's

Reduce weight on shoulders

The classrooms being digital a lot of information is already in the system and hence students need not carry heavy bags to the school.

Capacity building programs

In order to enhance the teaching skills and professional development of teachers, regular workshops are conducted by experts in the field of education. Every Saturday is used by the principal to analyse the work done during the course of the week, give solutions to issues addressed by the teachers, plans for the next week and any other issue which needs the attention of the principal.

Special Tutorial Classes

Special tutorial classes will be held for students whose performance is not satisfactory or they find a particular subject difficult. These classes will be held for one hour soon after school hours.

School Improvement Plan (SIP)

A comprehensive School Improvement Plan is developed keeping in view all the parameters of

schooling. The roadmap to improvement is defined and explained to all the teachers and the staff of the school. The principal, teachers and all the staff work towards achieving the goals set in the SIP. The inputs and support of the parent volunteers in this regard is welcome.

Assessment of Teachers

It is very essential to assess the competence of teachers periodically. It is not a fault-finding mission but to help teachers identify their strengths and weakness and help in professional growth. The assessments done are discussed with the individual teachers at a personal level to encourage them perform better.

Parent Teacher Meetings (PTM)

It is important to know the teachers teaching your ward. All parents are earnestly requested to attend every PTM and discuss the issues with the class teacher and all subject teachers of their ward. Apart from that the parents can also meet the principal to address their issues if any.

Child Protection Policy

We strive to provide the best learning environment such that children enjoy their schooling. No corporal punishment is given to students. A team of senior teachers constantly monitors the students at all times apart from general instruction given to all concerned regarding the safety of your wards. As a policy all employees concerned are made aware of the Child Protection Policy. We also have a counsellor in place to educate the children during various stages of growing up.

Labs & Library

The school has well designed laboratories for various scholastic subjects for practical learning

The school has a well-stocked library with digital facility. The students can also browse internet in case they need additional information. It is a resource centre for both teachers and students.

Physical Education and Games

Better fitness makes the child far better in all other spheres of his growing up be it mental, social, emotional, physical aspects. The school is equipped with facilities and trainers in this area as well.

Community Service

This helps in developing the students' concern for others in the society, feeling good about them, increased social responsibility, new experiences and learn new skills.

Fine Arts, Music and Performing Arts

This contributes to the intellectual, aesthetic, emotional and physical development of the students.

Fine Arts : Drawing and painting, Decorative pots and articles

Vocal songs : Classit conventional and modern

Instrumental : Percussion and Strings

Dance : Classical and folk

Outward bound Activities

All the students are taken out of the school in different locations of historical and scientific importance during the course of the year. It is mandatory for the students to attend such activities as it gives an opportunity for the students to look after themselves when they are away from parental care.
